

ASSIGNMENT NO: 03

Title: Creating an Application in SalesForce.com using Apex programming Language

CreateAccount.apxc

```
public class CreateAccount {
    public String name {get; set;}
    public String phoneNumber {get; set;}
    public String selectedname {get; set;}
    public String websiteURL {get; set;}
    public List<Selectoption> lstnamesel {get; set;}

    public CreateAccount(ApexPages.StandardController controller) {
        lstnamesel = new List<selectoption>();
        lstnamesel.add(new selectOption('', '- None -'));
        lstnamesel.add(new selectOption('IT', 'IT'));
        lstnamesel.add(new selectOption('MECH', 'MECH'));
        lstnamesel.add(new selectOption('CHEM', 'CHEM'));
        lstnamesel.add(new selectOption('PHARMA', 'PHARMA'));
    }

    public PageReference createAccount() {
        System.debug('teset create');
        if(!String.isEmpty(name)) {
            Account accountRecord = new Account (Name = name,
                                                    Phone = phoneNumber,
                                                    Industry = selectedname,
                                                    Website = websiteURL);
            INSERT accountRecord;

            PageReference pg = new PageReference('/'+accountRecord.Id);
            pg.setRedirect(true);
            return pg;
        } else {
            ApexPages.addmessage(new ApexPages.message(ApexPages.severity.CONFIRM, 'Please enter
Account Name'));
        }
    }
}
```

```
        return NULL;
    }

    public PageReference cancelAccount() {
        PageReference pg = new PageReference('/'+Schema.SObjectType.Account.getKeyPrefix()+'/o');

    return pg;
    }
}
```

CreateAccount.vfp

```
<apex:page standardController="Account" extensions="CreateAccount">
  <apex:form id="apexForm" >
    <apex:pageBlock title="Create Account:" id="pageBlockId">

      <apex:pageMessages id="showmsg"></apex:pageMessages>
      <apex:pageBlockSection columns="2" >
        <!--<div class = "requiredInput">
          <div class = "requiredBlock"></div>
          <apex:inputText value="{!name}" label="Account Name" required="true"/>
        </div-->
        <apex:inputText value="{!name}" label="Account Name" required="true"/>
        <apex:inputText value="{!phoneNumber}" label="Phone" />
        <apex:selectList size="1" value="{!selectedname}" label="Industry">
          <apex:selectOptions value="{!lstnamesel}"/>
        </apex:selectList>
        <apex:inputText value="{!websiteURL}" label="Website" />
      </apex:pageBlockSection>

      <apex:pageBlockButtons >
        <apex:commandButton action="{!createAccount}" value="Save"/>
        <apex:commandButton action="{!cancelAccount}" value="Cancel"/>
      </apex:pageBlockButtons>
    </apex:pageBlock>

    <!-- ACTION FUNCTIONS-->
    <apex:actionFunction name="createFunction" action="{!createAccount}"/>
    <apex:actionFunction name="cancelFunction" action="{!cancelAccount}"/>
  </apex:form>
</apex:page>
```

Step No 1:

Create new org:

<https://developer.salesforce.com/signup>

Step No 2:

After signup, logging using following URI

<https://login.salesforce.com/>

Step No 3:

Login Page

Step No:4

Go to Developer Console for writing Program

Step No 5:

Click on file then Select Apex class and write a code

Step No 6:

Select tabs section (for creating GUI)

Step No 7: Open a pages

Step No 8:

Program Windows

```
1 public class CreateAccount {
2     public String name {get; set;}
3     public String phoneNumber {get; set;}
4     public String selectedname {get; set;}
5     public String websiteURI {get; set;}
6     public List<Selectoption> lstnamesel {get; set;}
7
8     public CreateAccount(ApexPages.StandardController controller) {
9         lstnamesel = new List<selectoption>();
10        lstnamesel.add(new selectoption('', '- None -'));
11        lstnamesel.add(new selectoption('IT', 'IT'));
12        lstnamesel.add(new selectoption('MECH', 'MECH'));
13        lstnamesel.add(new selectoption('CHEM', 'CHEM'));
14        lstnamesel.add(new selectoption('PHARMA', 'PHARMA'));
15    }
16    public PageReference createAccount() {
17        System.debug('test create');
18        if(!String.isEmpty(name)) {
19            Account accountRecord = new Account(Name = name,
20                                                Phone = phoneNumber,
21                                                Industry = selectedname,
22                                                Website = websiteURI);
23            INSERT accountRecord;
24
25            PageReference pg = new PageReference('/'+accountRecord.Id);
26            pg.setRedirect(true);
27            return pg;
28        } else {
29            ApexPages.addMessage(new ApexPages.message(ApexPages.severity.CONFIRM, 'Please enter Account Name!));
```

Step No 9:

Program Screenshots

Output:

The screenshot shows a Salesforce user interface. At the top, there's a navigation bar with links like Home, Chatter, Libraries, Content, Subscriptions, and Quick Account. Below this, the user profile for 'prasad' is displayed, including a 'Post' button and a 'Follow' button. The main section is titled 'Account Detail' and contains a table of account information. The table has columns for Account Name, Account Number, Account Site, Type, Industry, Annual Revenue, Billing Address, Customer Priority, SLA Expiration Date, Number of Locations, Status, Created By, Description, Last Modified By, and Rating. The account is named 'Prasad Lohani (Chatter)' and is associated with the email 'prasad@vivo.in'. The account is active and was created on 11/11/2019 at 3:38 AM. The last modified by is also 'Prasad Lohani' on the same date and time. The account is associated with the phone number '1234567890' and the website 'http://vivo.in'. The account is associated with the address '1234567890' and the SLA 'SLA'. The account is associated with the status 'Active' and the number of locations '1'. The account is associated with the description 'Prasad Lohani' and the last modified by 'Prasad Lohani'.

Account Name	Account Number	Account Site	Type	Industry	Annual Revenue	Billing Address	Customer Priority	SLA Expiration Date	Number of Locations	Status	Created By	Description	Last Modified By	Rating
Prasad Lohani (Chatter)	prasad@vivo.in			IT						Active	Prasad Lohani	11/11/2019 3:38 AM	Prasad Lohani	1234567890
